

TrajEthos

TrajEthos is an annual interdisciplinary online research journal, published in Montreal by *Communalis - Communication and Natural Logic International Society*. It is committed to the dissemination, from different perspectives, of studies in which the relationships between communication, philosophy, psychology, education, and the health sciences help us to better understand the world we live in. It is an open international forum whose main goal is one of exploring, discussing and advancing interdisciplinary relationships through the transversal lenses of social representations, logic and argumentation, and discourse analysis from theoretical, methodological and empirical viewpoints.

TrajEthos publishes original scientific articles as well as research reports, interdisciplinary studies, book reviews, interviews and other scholarly production on contemporary transversal themes, viewpoints, and debates.

TrajEthos publishes most articles in both official languages of Canada – English and French – but also in other languages. The languages of each issue are always clearly indicated. The publication process is based on rigorous double blind peer-reviewed procedures.
